

FREE SAFE Exam Fee Reimbursement Promotion

AxSellerated Development | Platinum SAFE Exam Prep Plan

YOUR SAFE EXAM FEE IS ON US!

Purchase AxSellerated Development's Platinum SAFE Exam Prep Plan using the promotional code below, pass the SAFE MLO National Test within the required period, and submit a qualifying claim to receive reimbursement of your documented successful exam fee, up to \$115.

1. Eligible purchase

Purchase the AxSellerated Development Platinum SAFE Exam Prep Plan at its regular price of \$279 and apply coupon FREEEXAM2026 at checkout no later than October 31, 2026. The coupon cannot be combined with other discount codes. A qualifying purchase must be recorded at the full \$279 plan price.

2. Passing requirement

Successfully pass the SAFE MLO National Test within 60 calendar days after the qualifying Platinum SAFE Exam Prep Plan purchase. Multiple SAFE exam attempts may be made where permitted by applicable NMLS retesting rules, but only the successful attempt is eligible for reimbursement. Fees paid for failed attempts are not reimbursable.

3. Reimbursement amount

AxSellerated Development will reimburse the actual documented SAFE exam enrollment charge for the successful attempt, including any eligible NMLS payment processing fee, up to a maximum of \$115 per qualifying purchase. Reimbursement will not exceed the eligible amount actually paid. Licensing application fees, background checks, credit reports, education charges, travel, and unrelated expenses are excluded.

4. Claim deadline and submission

Email a complete reimbursement claim to info@axsdevelopment.com within 10 calendar days after passing. Include: (a) your full name; (b) the Platinum Plan purchase transaction ID number; (c) official documentation showing a passing SAFE exam result; (d) a receipt or other acceptable proof of payment for the successful exam attempt; and (e) your mailing address. Your NMLS ID number is not required.

5. Review and payment

Claims are subject to verification of the qualifying purchase, coupon use, passing result, eligible fee payment, and timely submission. Following receipt and verification of all required documentation, AxSellerated Development will mail an approved reimbursement as a physical check within 30 calendar days. Incomplete claims may require additional information before approval.

6. Existing SAFE Exam Pass Guarantee

The existing 100% SAFE Exam Pass Guarantee remains separately available under its published terms at safeexamtraining.com/returns-policy/. Passing the SAFE exam does not qualify a customer for the failure-based guarantee refund. Failing the exam does not qualify a customer for this successful-exam reimbursement. A failed earlier attempt does not by itself end reimbursement eligibility if the customer later passes within the promotional period and otherwise qualifies.

7. Effect of a guarantee refund; repurchases

If a customer receives a refund under the 100% SAFE Exam Pass Guarantee, all other promotional benefits associated with that refunded product terminate immediately, including any pending or future reimbursement under this promotion for that purchase. Benefits associated with other products are unaffected. A new qualifying purchase may establish fresh eligibility for the applicable guarantee and promotional benefits, provided each remains active and all terms are satisfied. Each qualifying purchase has its own applicable deadlines; a repurchase does not revive an expired promotion.

8. Limits and independent PE offer

Only one exam-fee reimbursement is available per qualifying Platinum purchase. Purchasing pre-licensing education (PE) is not required to participate in this reimbursement promotion. Any separately advertised PE discount is optional and is offered through 24Hour EDU, NMLS Provider ID #1405107, not as an included Platinum benefit. PE pricing, eligibility, and fulfillment are governed by that provider's separate offer terms. Visit 24Hour EDU for all your pre-licensing education needs at <https://24houredu.com/axsellerateddevelopment/>

9. No guaranteed exam outcome

AxSellerated Development does not guarantee any particular SAFE exam result. Each candidate remains responsible for their own preparation, exam performance, and compliance with applicable testing requirements. Nothing in this provision limits the rights or benefits expressly provided under AxSellerated Development's published 100% SAFE Exam Pass Guarantee.

Terms issued October 9, 2026.
